

Accreditation Council on Optometric Education
Accredited Optometric Residency Programs
July 23, 2018

The Accreditation Council on Optometric Education has granted the following optometric residency programs one of the following classifications:

Accredited: A classification that indicates that the residency program generally meets the standards for accreditation and has no deficiencies or weaknesses that compromise the educational effectiveness of the total program.

Accredited with Conditions: Accredited with Conditions: A classification granted to a program with major deficiencies or weaknesses with reference to the standards of accreditation and indicates that that the educational effectiveness of the program is compromised. *Programs designated **Accredited with Conditions** are listed in italics; currently, there is one program that is Accredited with Conditions.*
