Searching for Doctors of Optometry with a Vision Rehabilitation Emphasis via AOA’s Find a Doctor Locator

To find a doctor of optometry who has identified themselves as someone with a special emphasis in Vision Rehabilitation For more information about doctors of optometry’s role in Vision Rehabilitation, please visit www.aoa.org/VR.

1. Click on Find a Doctor using the top right link on any www.aoa.org webpage:

2. If you are using the “Basic Search” tab, enter your desired search parameters and ensure that “Vision Rehabilitation Emphasis” is marked before searching.
3. If you are using the “Advanced Search” tab, enter your desired search parameters, scroll down, and ensure that “Vision Rehabilitation Emphasis” is marked before searching.

The search described in this document will list doctors of optometry who marked “Vision Rehabilitation” as a Special Emphasis on their AOA Profile.

The AOA does not in any way endorse the individuals described in AOA Member Find a Doctor, nor does the AOA verify qualifications, licenses, practice emphases or suitability of listed optometrists.

If you are a doctor of optometry and would like to be listed with Vision Rehabilitation as a special emphasis, please join the AOA’s Vision Rehabilitation Advocacy Network.
