
CPO- A person who has attained national recognition via certification by demonstrating an understanding of the concepts used in optometric care
Computerized Testing Schedule

**February 2014 Testing Period**
*Application Deadline: Jan 13 2014 (9:00pm EDT)*
Testing Begins: Feb 8 2014
Testing Ends: Feb 22 2014

**May 2014 Testing Period**
*Application Deadline: Apr 14 2014 (9:00pm EDT)*
Testing Begins: May 10 2014
Testing Ends: May 24 2014

**August 2014 Testing Period**
*Application Deadline: Jul 14 2014 (9:00pm EDT)*
Testing Begins: Aug 9 2014
Testing Ends: Aug 23 2014

**November 2014 Testing Period**
*Application Deadline: Oct 6 2014 (9:00pm EDT)*
Testing Begins: Nov 1 2014
Testing Ends: Nov 15 2014

This handbook contains necessary information about the Certified Paraoptometric (CPO™) Examination. Please retain it for future reference. Candidates are responsible for reading these instructions carefully. This handbook is subject to change.

**General Information**

The Certified Paraoptometric Examination is prepared and administered by the Commission on Paraoptometric Certification (CPC™) with the assistance of Professional Testing Corporation. The purpose of this examination is to assure a level of knowledge to perform the function of a Certified Paraoptometric. Those who successfully complete the examination will be certified with the Commission on Paraoptometric Certification as a Certified Paraoptometric (CPO).

The development of the CPC™ examinations begins with a job analysis, which results in identification of the major domains of practice through a survey of the knowledge, skills, and abilities needed for competent performance. The outline of the examinations’ contents and specifications are derived from the results of the job analysis, including the relative emphasis or weight for each of the major sections is established.

Experienced practitioners are asked to draft questions for the examinations. These draft questions are reviewed by a panel of experts in the profession, editing as needed for consistency, accuracy, grammatical correctness, and for conciseness of presentation, so that each item is testing for knowledge and application of content and not for reading skills.

A draft of the examinations is drawn from the items which have been reviewed and approved for use by the subject matter experts. The CPC™ reviews all of the items on the examination one last time to ensure they are written clearly, have one and only one correct response, and are appropriate for the examinations. The CPC™ also participates in an exercise to determine the passing score each time a new form of the examination is approved.

**Objectives for Certification**

To promote excellence in the field of optometry by:
- Recognizing formally those individuals who meet all requirements of the Commission on Paraoptometric Certification;
- Encouraging continued professional growth of the paraoptometric;
- Establishing and measuring the level of knowledge required for certification; thereby assisting the employer, public, and members of the health professions in the assessment of paraoptometrics.

**Eligibility**

To sit for the Certified Paraoptometric Examination, the following requirements must be met:

1. Applicants must have a minimum of a high school diploma or equivalent, and
2. Must have a minimum of six (6) months employment in the eye care field.

**Applications will be randomly audited and verified**

**Application Procedure**

1. Read and follow the directions on the application and in this handbook. All applications must be completed online. The application can be found on Professional Testing Corporation’s website http://www.ptcny.com/clients/cpc.

2. The online application and appropriate fees for the examination must be received on or before the appropriate deadline listed in this handbook (see inside front cover).

3. All correspondence regarding the application and fees should be directed to Professional Testing Corporation at ptcny@ptcny.com or (212) 356-0660.

4. Applicants will receive an e-mailed confirmation of application within 1-3 days of submitting application.
Completion of Application
Candidates interested in CPC™ certification must complete the examination application in full, using your name exactly as it appears on your current government issued photo ID. The completed application must be submitted online with the examination fee prior to the established deadlines shown on page 2. If payment is being made by check or money order, complete the online application and mail payment to:

CPC Examinations
Professional Testing Corporation
1350 Broadway-17th Floor
New York NY 10018

NOTE: Be certain payment clearly indicates candidate name and appropriate examination.

It is the responsibility of the applicant to be certain they have applied for the correct examination. Be certain to fully read the e-mailed confirmation after applying. The online application webpage indicates the name of the examination in color. The CPO examination is shown in orange.

Fees
Examination Fee $265
Rescheduling Fee $200

-Checks and/or money orders are to be made payable to CPC™ Examination in US Funds.

Refunds/Reschedules
There will be no refund of fees.

If you need to cancel your examination appointment or reschedule to a different date within the two-week testing period, you must contact PSI at (800) 211-2754 no later than noon, Eastern Standard Time, of the second business day PRIOR to your scheduled appointment. This is subject to the availability of appointments at PSI. There is no fee for rescheduling within the two-week testing period.

A candidate who applies to take the examination but then wishes to take it during a different testing period, may be granted a one-time deferment to the immediate next testing period. The candidate must request the deferment in writing to cpc@aoa.org and submit a new application with the rescheduling fee of $200 to Professional Testing Corporation no more than one week after the testing period ends. Only one deferment will be permitted. The candidate is responsible for contacting PSI and canceling their examination appointment, if they have made one. If a candidate fails to schedule or keep their appointment, the entire examination fee is forfeited.

Examination Administration
The Certified Paraoptometric Examination is administered during an established two-week testing period four times yearly, Monday through Saturday excluding holidays, at computer-based testing facilities managed by PSI. Scheduling is done on a first-come-first-served basis. To find a testing center, visit www.ptcny.com/cbt/sites.htm or call PSI at 800-211-2754. Candidates will not be able to schedule an examination appointment until the eligibility notice has been received.
Testing Software Demo
Testing software demo can be viewed online by visiting www.ptcny.com/cbt/demo.htm. This online demo can provide you with an idea about the features of the testing software.

Scheduling Your Examination Appointment
Once the application has been received and eligibility is verified, the candidate will receive an e-mailed confirmation at the e-mail address shown on the application. The eligibility notice will also be e-mailed to the address shown on the application prior to the beginning of the testing period. The printed eligibility notice plus current government issued photo identification must be presented in order to gain admission to the testing center. A candidate not receiving an eligibility notice or other correspondence at least two weeks before the beginning of the two-week testing period should contact Professional Testing Corporation at (212) 356-0660 with a fax number.

The eligibility notice will indicate where to call to schedule the examination appointment as well as the dates during which testing is available. Appointment times are first-come, first-serve, so schedule your appointment as soon as you receive your eligibility notice in order to maximize your chance of testing at your preferred location and on your preferred date.

It is the candidate’s responsibility to call PSI to schedule the examination appointment. It is highly recommended that you become familiar with the testing location.

Arrival at the testing site at the appointment time is the responsibility of the candidate. Please plan for weather, traffic, parking, and any security requirements that are specific to the testing location. Late arrival may prevent you from testing.

NOTE: All candidates must have an individual e-mail address. The e-mail address on the application must not be a shared address.

Special Needs
Special testing arrangements may be made for special needs individuals by completing the Request for Special Needs Accommodation form available from http://www.ptcny.com/PDF/PTC_SpecialTestCenterRequestForm.pdf or by calling PTC at (212) 356-0660. Submit the application, examination fee, and completed form at least EIGHT weeks before the testing period begins.

Please notify PTC at least two weeks prior to your examination appointment if you need to bring a service dog, medicine, food, or beverages needed for a medical condition.

Statement on Non-Discrimination Policy
The Commission on Paraoptometric Certification does not discriminate against any individual on the basis of race, color, religion, gender, national origin, age, disability or any other characteristic protected by law.

Compliance
The Commission on Paraoptometric Certification supports the intent of and complies with the Americans with Disabilities Act (ADA). The Commission will take steps reasonably necessary to make certification accessible to persons with disabilities covered by the ADA. Appropriate and effective modification and/or auxiliary aids will be provided to persons with such disabilities unless doing so would impose an undue burden on the Commission’s programs or fundamentally alter the measurement of skills or knowledge that the programs are intended to test. All requests for special arrangements must be made in writing at least eight weeks in advance of the examination date.

Rules for the Examination
1. Electronic devices, including but not limited to cell phones, Blackberries, personal digital assistants, pagers, cameras, voice, MP3 players (such as IPOD and ITOUCH) and Bluetooth devices cannot be used and must be turned off during the
examination. No one will be permitted to send or receive text messages or make or receive phone calls while the examination is in session. Simple, non-programmable calculators are permitted.

2. No books or reference materials may be taken into the examination room.

3. No test materials, documents, or memoranda of any sort are to be taken from the examination room except for those computer-based testing candidates who may take their preliminary score report only.

4. No questions concerning content of the examination may be asked during the examination. The candidate should read carefully the directions that are provided on screen at the beginning of the examination session.

6. Candidates are prohibited from leaving the testing room while their examination is in session, with the sole exception of using the restroom.

Report of Results
At the end of the examination, candidates will receive a printout that confirms their completion of the examination as well as an unofficial test result report prior to leaving the testing center. Candidates are not eligible to use the CPO credential until their official score report is received. Candidates will be notified in writing by Professional Testing Corporation within four weeks of the close of the testing period whether they have officially passed or failed the examination. Scores on the major areas of the examination and on the total examination will also be reported. International candidates should expect their test results within five weeks of the close of the testing period. The passing score is determined by the Commission on Paraoptometric Certification. Failure to receive the report of the results should be reported to Professional Testing Corporation at (212) 356-0660.

Schedule for Examination
Candidates will be allotted two (2) hours to complete the 100 multiple choice question CPO examination.

Retesting Policy
Candidates who do not pass the examination are eligible to re-take the examination beginning with the next regularly scheduled examination date. Candidates must file a new application and fee each time they retest and must apply by the application deadline.

After Passing the Examination
The CPC™ will send successful candidates a certificate suitable for framing. Certification pins are available for order through the CPC™ office. Those who pass the examination will be added to the roster of the Commission on Paraoptometric Certification as a Certified Paraoptometric (CPO). Certification is renewable every three years subsequent to the completion of 18 hours of prescribed education. Guidelines for renewal of certification will be sent upon successful completion of the examination.

Confidentiality
The CPC™ will release the individual test scores ONLY to the individual candidate. Any questions concerning test results should be referred to the Professional Testing Corporation.

Attainment of Certification, Renewal, and Recertification
Eligible candidates who have achieved a passing score on the appropriate CPC™ certified paraoptometric examination are eligible to use the appropriate designation after their names. A database of certified paraoptometrics is maintained by the CPC™ and may be reported in its publications and/or website.

CPC™ certification is recognized for a period of three years at which time the candidate must meet the renewal requirements in effect at that time in order to retain certification. The requirements for renewal include documented continuing education and the appropriate renewal fee.
Upon failure to maintain a certified status the individual will then be classified "non-certified". Once so classified, the individual must immediately refrain from using/displaying all related Commission on Paraoptometric Certification abbreviations, certificates, cards, logos, and pins. Consequences for anyone claiming certification when not certified will be determined by the Commission on Paraoptometric Certification, pursuant to written guidelines established by the Commission.

Should an individual wish to become recertified, they may retest at the highest level they had attained within 3 years of lapse.

Revocation of Certification
Certification will be revoked for any of the following reasons:
- Falsification of an application or results report
- Misrepresentation of certification status
- Unethical conduct

The CPC™ provides the appeal mechanism for challenging revocation of certification. It is the responsibility of the individual to initiate this process.

Morals Policy
Applicants for paraoptometric certification are expected to be of high moral character. Should the CPC™ receive evidence that a candidate has engaged in inappropriate actions or behavior with regard to the application or testing process, or has made any false representation pertaining to his/her certification status, that individual will be subject to disqualification or such other penalty as determined by the CPC™.

Violation Process
The Commission on Paraoptometric Certification will investigate allegations concerning alleged misconduct by paraoptometrics and/or Commission members and/or its consultants regarding violation of certification policies and procedures. Allegations of misconduct must be in writing, signed, and delivered directly to the Commission chairperson within 120 days of the alleged violation(s). Supporting documentation should be submitted with the complaint.

The Commission will review the allegation and take one of the following actions:

- Dismiss the allegation on grounds it lacked sufficient evidence or merit to commence an investigation;
- Attempt to resolve any issue with the parties involved should the allegation appear to be a misunderstanding; or,
- Conduct a full investigation of the allegation and if deemed necessary, appoint a hearing panel.

Should an investigation be warranted, the Commission chairperson will appoint a three member panel within 45 days of the receipt of the allegation. The panel will consist of three CPOTs chosen by the Commission chairperson, one of whom will act as the panel’s chair-person. The panel shall give not less than 30 days notice to the subject of the investigation of the right to appear before the panel, give testimony, confront witnesses and evidence presented, and to be represented by counsel. General Counsel shall assist the panel in conducting the proceeding.

The panel will convene within 60 days of its appointment, meeting in the St. Louis office or via conference call. A record will be kept of all testimony. Upon conclusion of the hearing, the panel shall deliberate and render its written decision within 30 days. The panel’s decision shall be final unless appealed within 30 days to the full Commission.

If appealed, the Commission will review the panel’s findings within 30 days and inform the parties involved of its decision. The Commission’s decision on appeal is final and cannot be appealed. All decisions on appeal by the Commission, as well as on hearing by the panel, concerning allegations, be they dismissed, resolved, or investigated, will be delivered in writing to all parties involved by certified mail with return receipt.
Code of Conduct for Certified Paraoptometrics
Paraoptometrics who have been certified by the Commission on Paraoptometric Certification are expected to abide by a Code of Conduct. Inasmuch as certification represents to the public an attained level of skill, it therefore is incumbent upon each paraoptometric to:

- Place the welfare of the patient above all else;
- Maintain patient confidentiality at all times;
- Treat patients with respect and a caring attitude regardless of their backgrounds, preferences, or prejudices;
- Avoid gossip and expression of personal biases;
- Promote ways for maintaining visual health and eye care to both patients and the public;
- Continue an ongoing educational process to upgrade and enhance paraoptometric skills;
- Conduct oneself in a professional manner in the office and be an exemplary citizen within the community;
- Support colleagues in efforts to achieve maximum level of certification.

Appeal Procedures
All candidates for certification have the right to appeal alleged grievances concerning but not limited to: scoring, eligibility, equipment failure, examiner bias, exemption from certification requirements, administrative procedures. Appeals must be received by the Commission on Paraoptometric Certification within 30 days after the examination results are sent to candidates. All appeals must be in writing and sent by certified mail along with supporting documents. The Commission will consider the appeal at its next regularly scheduled meeting and the appellant will be notified in writing of its decision. The Commission's decision on all appeals is final.

Appeals Process
When an appeal is received by the Commission on Paraoptometric Certification the chairperson will appoint one (1) commissioner to serve as an independent reviewer who will discuss the alleged grievance with the appellant and others as to whether the facts as stated are correct and whether there are mitigating factors and/or personal/professional situations not stated in the appeal. The independent reviewer will be neither a supporter nor a detractor in presenting his/her findings to the Commission. The independent reviewer will refrain from making any recommendation regarding the Commission's decision. The independent reviewer does not have a vote in the Commission's decision.

Outline
This outline will provide you with information on the content of the Certified Paraoptometric Examination. The following outline includes a brief explanation of the areas covered on the examination. You should be familiar with all the terms, meanings and use. All 100 questions on the examination are of the objective, multiple choice types. Passing score is determined by the CPC™.

I. Basic Science (29%)
   A. Anatomy
      1. Definitions of Anatomical Parts
      2. Function
   B. Common Eye Disorders
      1. Definitions
      2. Causes
   C. Terminology
II. Clinical Principles and Procedures (37%)

A. Eye Examination
   1. Case History
   2. Visual Acuity
   3. Automated Keratometry/Topography
   4. Retinoscopy
   5. Subjective Refraction
   6. Ophthalmoscopy
   7. Binocular Vision
   8. Tonometry
   9. Visual Fields
   10. Biomicroscopy
   11. Fundus Photography
   12. Tomography
   13. Blood Pressure Measurements

B. Refractive Status
   1. Emmetropia
   2. Myopia
   3. Hyperopia
   4. Astigmatism
   5. Presbyopia
   6. Accommodation

C. Contact Lenses
   1. Soft
   2. Gas Permeable
   3. Care and Handling
   4. Patient Education
   5. Base Curve Radius
   6. Lens Power
   7. Overall Diameter
   8. Optical Zone Diameter
   9. Peripheral Curves
   10. Edge and Center Thickness

III. Ophthalmic Optics and Dispensing (18%)

A. Ophthalmic Prescriptions
   1. Components of a Lens Prescription
   2. Add Power
   3. Prism
   4. Optics

**Preparing for the Examination**

CPC™ examinations are designed to cover the knowledge and skills to be most effective in the optometric practice. Below are ideas to help you prepare:

1. Read the entire content outline as the exam will include items for every area and may include questions on the sub-categories.
2. Study from one or all of the above references or other resources.
3. Take the free sample examination on the CPC™ Web site.
4. Prior to driving to the examination location, study a map and/or directions so you aren’t rushing to get to the location. Get plenty of rest the night before.
